<b>DUNS NUMBER</b>	966-207-545	
<b>COMPANY FOOTPRINT</b>	National distribution with a focus in the Midwest	
<b>INTRODUCTION</b>	Pizzo Native Plant Nursery is a wholesale propagator and grower of 250+ regional and local ecotype native plant species. We have over 20 years experience in ecological restoration science and native plant production. Our plugs are grown to result in vigorous root systems for successful field establishment and long term survival. We also blend our own superior custom seed mixes.	
<b>MISSION/VISION</b>	To grow and wholesale quality native plant material to supply all facets of the sustainable landscape market. To be regarded as the most reputable supplier and knowledge broker of ecological landscape systems and native plant materials.
